Except in the event of emergencies, this easement is to be exercised only during normal business hours and then, whenever practicable, only upon notice to the Owner or Occupant of the residence directly affected thereby.

ARTICLE IV. ZERO LOT LINE CONCEPT

Avalon at Sienna Section 6 shall consist mainly of Zero Lot Line Lots based upon a zero side building setback concept, and the Zero Lot Line pattern specific to each Zero Lot Line Lot as set forth on the Plat. The Dwellings within Avalon at Sienna Section 6 shall consist mainly of Zero Lot Line Homes, with some Lots not having a Zero Lot Line, as shown on the Plat.

Each Zero Lot Line Home shall be designed so as to provide that a minimum of fifty percent (50%) of the linear distance of one (1) wall of the Zero Lot Line Home shall be constructed either adjacent to and abutting or within one foot (1') or less of a side Lot line. Such side Lot line where there is such construction shall be hereinafter referred to as the "Zero Lot Line". Each Zero Lot Line is identified on the Plat with an arrow. Provided however, an open court or patio may be built adjacent and abutting, or within one foot (1') or less of the aforementioned Zero Lot Line, but said open court or patio must be enclosed by a masonry wall having a minimum height of seven feet (7') above the foundation. This wall must, as is the case with the residence wall, be constructed adjacent to, or within one foot (1') or less of the abutting Zero Lot Line and enclose the court or patio in such a manner as to appear to be an extension of the Zero Lot Line Home. The Zero Lot Line walls shall have no exterior objects or appurtenances, for example, there shall be no electrical panels (unless required by the electric company), vents, plumbing clean outs or openings of any kind unless such Zero Lot Line side is on the street side of a corner Lot. Provided, however, the Residential Review Committee has discretion to approve windows in this particular location. If the Zero Lot Line side is on the street side of a corner Lot, normal openings and exterior appurtenances may be constructed on the Zero Lot Line Home abutting the Zero Lot Line. Provided, however, the roof overhang and the attached guttering of the Zero Lot Line Home may extend and encroach over the Zero Lot Line for a distance not to exceed eighteen (18) inches. The minimum distance between the Zero Lot Line and the closest wall of the Zero Lot Line Home situated upon the Adjoining Lot (as defined below) is set forth on the Plat. No Dwelling shall be located on any Lot within any Utility Easement along the rear Lot line.

Notwithstanding anything contained herein to the contrary, restrictions regarding emergency escape and rescue openings in Section R310 of the International Residential Code shall control.

Each Zero Lot Line Lot shall have a five (5) foot access easement extending the entire depth of the Lot from front to back abutting and parallel to the Zero Lot Line wall, over, on and across the Adjoining Lot (herein the "Adjoining Lot"), for the construction, repair, upkeep, and maintenance of improvements located on the Zero Lot Line as is reasonably necessary for said Lot Owner's Zero Lot Line Home, and for ingress and egress in the event of an emergency. Said five (5') foot strip may also be used for eaves overhang, eaves drip, and land drain for any and all rain water flowing naturally from the eaves of said Lot Owner's Zero Lot Line Home onto the adjacent strip of land. Conditions and use of the Zero Lot Line easement, hereinafter the "Easement", are hereby declared and established by and between the Owner of the Zero Lot Line Lot and the Owner of the Adjoining Lot, which shall be covenants running with the land and binding on both of the above-mentioned Owners and all of their respective heirs, successors, and assigns forever, to-wit:

- (i) The Zero Lot Line Lot Owner must replace or return to existing condition, any fencing, landscaping or other items on the Adjoining Lot that s/he may disturb during construction, repair or maintenance.
- (ii) This Easement, when used by the Zero Lot Line Lot Owner for such construction, repair or maintenance, must be left clean and unobstructed unless the Easement is actively being utilized and any items removed must be replaced.

(iii) The Zero Lot Line Owner must notify the Owner of the Adjoining Lot of his intent to do any construction, repair or maintenance upon the Zero Lot Line wall at least forty-eight (48) hours prior to starting any work. The hours that such Easement may be utilized shall be between 8:00 a.m. and 5:00 p.m., Monday through Friday, and 9:00 a.m. through 6:00 p.m. on Saturday, and noon through 6:00 p.m. on Sunday.

Notwithstanding the above, in the case of an emergency, and to prevent imminent damage to the Zero Lot Line Home or Occupants, a Zero Lot Line Owner may enter at whatever time necessary and without prior notice to the Owner of the Adjoining Lot to do necessary repairs or escape any injury to the Occupants.

(i) Both the Zero Lot Line Owner and the Adjoining Lot Owner shall have the right of surface drainage over, along and upon the Easement area. Neither Owner shall use the Easement area in such a manner as will interfere with such drainage.

(v) Neither Owner shall attach any object to the Zero Lot Line wall, facing onto the Easement area and the Owner of the Adjoining Lot will not use the Zero Lot Line wall as a playing surface for any sport. In addition, no structure shall be constructed or placed upon the Easement area by either Owner, except the roof overhang and guttering as provided for above, and a fence by the Owner of the Adjoining Lot, which allows proper surface drainage; however, access to the Easement must be preserved for the Owner of the Zero Lot Line Lot.

Owners of each Zero Lot Line Home shall have and are hereby granted, a five foot (5') underground easement, extending five feet (5') into the side building setback line of the Adjoining Lot with said easement being contiguous to the Zero Lot Line of the Lot benefiting from said easement, hereinafter the "Bell Bottom Easement". Said underground Bell Bottom Easement shall be used solely for the installation, construction and maintenance of underground bell bottoms in conjunction with the installation or repair of residential foundations.

ARTICLE V. ALLEYWAYS

Owners of Lots within Avalon at Sienna Section 6 are advised that there exists along the rear or side Lot lines of Lots 1 - 13, Block 1 Restricted Reserve "C" restricted in its use to Alleyway. Owners of Lots within Avalon at Sienna Section 6 are advised that there exists along the rear portion of Lots 37 - 49, Block 1 Restricted Reserve "K" restricted in its use to Alleyway. The Lots enumerated in the preceding two sentences are referred to herein collectively as the "Affected Lots". Restricted Reserve "C" and Restricted Reserve "K" are referred to herein collectively as variable width private access easements ("Shared Access Drives"). These Shared Access Drives are separate and apart from the private streets that serve Avalon at Sienna. Every Owner of a Lot, including but not limited to Owners of Affected Lots, is responsible for the maintenance, repair and replacement, as needed, of the driveway on their respective Lot.

The Shared Access Drive shall be maintained, repaired and replaced, as needed, by the Association, the cost of which shall be covered by the Neighborhood Assessments, as the case may be, to be levied equally against each Lot within Avalon at Sienna. The Association shall have sole discretion to determine if/when maintenance, repairs or replacement of the Shared

Access Drive is to be performed. The Owner of each Affected Lot in Avalon at Sienna Section 6 irrevocably grants to each other Owner in Avalon at Sienna, to Declarant and to the Association, reciprocal, perpetual, and non-exclusive rights-of-way and roadway easements for purposes of ingress, egress, passage, and travel by vehicles and pedestrians over and across the Shared Access Drive, and in connection therewith each Owner of an Affected Lot agrees that no other easements or rights of usage of any kind may be granted by any Owner of an Affected Lot in, upon, under, over or across the Shared Access Drive which would in any manner impede or impair the aforesaid purposes thereof. Each Owner of an Affected Lot hereby grants to Declarant and to the Association, and the designees of each, a perpetual, non-exclusive easement across the Shared Access Drive, along with an additional ten (10) feet on either side of the Shared Access Drive, for the maintenance, repair, or replacement of the Shared Access Drive and related improvements, provided that such easement shall not in any event extend into or beyond the foundation or exterior walls of any Dwelling or garage. After maintenance, repair or replacement of the Shared Access Drive and related improvements, the entity exercising this easement shall return the Affected Lot to its condition prior to the maintenance, repair or replacement, at the entity's expense.

Except as hereafter provided, no vehicle of any type may be parked or stored at any time upon the Shared Access Drive located within Avalon at Sienna Section 6. No object, thing or device shall be placed, stored or maintained within or upon the Shared Access Drive and no activities are permitted thereon which would impede or impair the intended use of the Shared Access Drive for pedestrian and vehicular ingress and egress. Without limitation of the foregoing, no personal property, barbeque or other cooking equipment, or any recreational equipment may be placed, maintained or stored within or upon the Shared Access Drive nor are loitering, playing or gatherings permitted therein or thereon.

Temporary parking upon the Shared Access Drive is permitted by Owner and Occupant vehicles and for passenger pick-up, delivery services and trash services, but solely for purposes of loading and unloading of passengers and cargo and rendering of delivery/trash services, and subject to applicable ordinances and laws (such as prohibitions against parking in fire lanes, or in such manner as to block entry to or exit from Affected Lots within Avalon at Sienna Section 6).

ARTICLE VI. RESTRICTIONS

1. Minimum Square Footage. The Declarant hereby reserves the unilateral right to develop the Subdivision and/or any additional property which may be subjected to the Restated Declaration, in any manner consistent with residential use, including but not limited to Dwellings which may contain less square footage in other portions of the Subdivision than the minimum square footage required in Avalon at Sienna Section 6.

2. Building Setbacks. No Dwelling or other structure shall be erected nearer to any street or property line than as established herein, in the Guidelines or on the Plat. In the event there is a conflict between the Guidelines, any other documents imposed upon Avalon at Sienna Section 6 that contains a setback requirement, and the Plat, the more restrictive will control. Notwithstanding anything to the contrary herein, in no case shall a rear setback on any Lot be less than the width of any easement existing along the rear Lot line of such Lot. Any setback established by the Plat shall control, if said setback is more restrictive than the setback

established in this Supplemental Declaration. All Dwellings shall be oriented to the front of the Lot.

VII. COMMUNITY FENCE

Owners are hereby put on notice that there will be a Community Fence installed by the Declarant in certain portions of Avalon at Sienna Section 6. The Community Fence will be located along the lot line adjacent to a Restricted Reserve as same are depicted on the Plat. For purposes of this Supplemental Declaration, Community Fence shall mean a "Community Fence" as same is described in detail in that certain Community Fences and Walls Guidelines Sienna Plantation Residential Association, Inc., Revised August 19, 2013, which is filed of record under Clerk's File No. 2013120041 (the "Community Fence Guidelines") in the Official Public Records of Real Property of Fort Bend County, as same has been or may be amended and supplemented from time to time. The Community Fence Guidelines are incorporated herein by reference for all purposes, including but not limited to the Association's right to entry upon a Community Fence Lot to cause to be performed the Association's maintenance and repair obligations. The following Lots are hereby designated Community Fence Lots as same are described in the Community Fence Guidelines:

Block 1, Lots: 1, 2, 3, 13, 14, 32, 33, 34, 35, 36, 47, 48, 49

Community Fences, including the fence posts, pillars, and all integral parts of the Community Fences, will be repaired, maintained and replaced by the Association. Notwithstanding anything contained herein, or in the Community Fence Guidelines to the contrary, the Owners are responsible for the repair, maintenance, and replacement of all moving parts of the Community Fence located on their respective Community Fence Lot. By way of illustration and not limitation, moving parts will include the gate and its related hardware. The Association has the sole discretion to determine if a portion of a Community Fence is a moving part, and such determination is final.

VIII. MAINTENANCE OBLIGATIONS

The Association Maintenance Services set forth in this Section VIII shall be provided only to the following Lots within Avalon at Sienna Section 6 (collectively referred to as the "Maintenance Service Lots"):

Block 1, Lots: 1-12 and 32 – 49

1. Association Maintenance Services.

As used herein, the term "unfenced portions of Lots" includes, by way of illustration and not limitation, the landscaped area, if any, between the driveways on adjacent Maintenance Service Lots, front yards, and any portion of the rear yard that is not fenced. In the event there is a question as to whether or not a portion of the Maintenance Service Lot is within the unfenced portion of an Maintenance Service Lot the Board is hereby vested with the authority to determine whether or not the questioned portion is within the unfenced portion of the Maintenance Service Lot as that term is used herein; which determination by the Board shall be final.

- (a) Landscaping. The Association shall maintain all landscaping (including trees) and grass within the unfenced portions of Maintenance Service Lots, and such maintenance may include mowing, trimming, fertilizing, limited insect and disease control of the grass and landscaping in such areas, and any other maintenance related to the grass and landscaping within this area that the Board, in its sole discretion, may determine necessary. Disease and insect control related to the grass and landscaping may be administered in the sole discretion of the Board. Insect control shall be limited to insects causing damage to the grass and/or landscaping, and by way of illustration and not limitation, does not include termites, bees, wasps and spiders.

The cost of such maintenance of the grass and landscaping within the unfenced portions of the Maintenance Service Lots shall be charged equally to all of the Maintenance Service Lots and will be factored into the Neighborhood Assessment for the Maintenance Service Lots. By way of illustration and not limitation: each Maintenance Service Lot is obligated to pay all charges set forth in the Restated Declaration, a Neighborhood Assessment as set forth hereinabove, and a yard maintenance fee. Owners and Occupants may not modify the grass and landscaping located within the unfenced portions of the Maintenance Service Lots without prior written approval of the Association. Provided however, in the event that damage is caused to the grass or landscaping within the unfenced portion of an Maintenance Service Lot as a result of the act or omission of an Owner or Occupant, any expense incurred by the Association in effectuating repairs shall be billed against the respective Maintenance Service Lot for which work is performed, such bill to be due upon receipt and if not timely paid, such bill shall be assessed as an Assessment against the Maintenance Service Lot, which Assessment is secured by the lien against such Maintenance Service Lot as provided for in the Restated Declaration.

- (b) Liability, Cost and Approval. Neither the Association nor its agents, contractors, designees or employees shall be liable, and are expressly relieved from any liability, for trespass or other tort or damages in connection with the performance of maintenance and/or other work authorized in this Supplemental Declaration and the Dedicatory Instruments nor in any way shall the Association or its agents be liable for any accounting or other claim for such action. Each Owner of an Maintenance Service Lot hereby agrees to release the Association, and its respective successors and assigns, from any liability arising out of or related to the rendering of the services set forth herein.

2. Owner Maintenance Obligations.

All maintenance, repair and/or replacement related to each Dwelling Unit and Maintenance Service Lot, other than that provided by the Association in the preceding section, shall be the sole responsibility of the respective Owner(s) of such Dwelling Unit and Maintenance Service Lot, including replacement of the landscaping, grass, irrigation system, and vegetation that is within the fenced and unfenced areas of their respective Maintenance Service Lot(s).

Owners of Maintenance Service Lots must maintain in proper working order at all times the irrigation system and all components of the irrigation system servicing the unfenced portions of Maintenance Service Lots, including but not limited to the timers and related water costs (the "Irrigation System"). Such maintenance may include repairs and/or replacement of any and all components of such Irrigation System, as may be determined necessary in the sole discretion of the Board. Owner's maintenance of the Irrigation Systems shall be performed in conformity with the standards and watering schedule set by the Board. Owners and Occupants may not modify any component of the Irrigation System servicing the unfenced portions of Maintenance Service Lots without the prior written approval of the Board. The cost associated with such maintenance, repair and/or replacement of Irrigation Systems shall be the obligation of the Owners.

In the event that the Board determines that any Owner has failed or refused to discharge properly the Owner's obligations with regard to the maintenance, repair, or replacement of the Irrigation System; then, in addition to the enforcement and self-help remedies set forth in the Restated Declaration, the Board may turn said matter over to its attorney for further handling. In such event, the Association has the right, without the obligation, to provide such necessary maintenance, repair, or replacement, at Owner's sole cost and expense. The Association may perform the repair, replacement or maintenance and shall, except in the event of an emergency situation, give the Owner written notice of the Association's intent to provide such necessary maintenance, repair, or replacement at the Owner's sole cost and expense. The notice shall set forth with reasonable particularity the maintenance, repairs, or replacement deemed necessary. The Owner shall have ten (10) calendar days after receipt of the Association's notice, within which to complete such maintenance, repair, or replacement, or, in the event that such maintenance, repair, or replacement is not capable of completion within said ten (10) day period, to commence such work which shall be completed within a reasonable time. If any Owner does not comply with the provisions hereof, the Association may provide any such maintenance, repair, or replacement and shall bill the Owner 110% of such cost and expenses, plus an administrative fee, such bill is due upon receipt and if not timely paid, such bill shall be added to and become a part of the Assessment to which such Owner is subject and is secured by the lien created against each such Affected Lot as provided for in the Restated Declaration.

IX. GENERAL PROVISIONS

1. Term. The provisions of this Supplemental Declaration shall run with the land, shall be binding upon all Persons owning any portion of Avalon at Sienna Section 6, and shall be perpetual.

2. Amendment. It is the intent of Declarant that the covenants, conditions and restrictions provided for in this Supplemental Declaration apply only to Avalon at Sienna Section 6. Notwithstanding any provisions of this Supplemental Declaration to the contrary, it is also the intent of the Declarant that the specific restrictions that are imposed on Avalon at Sienna Section 6 (other than those in the Restated Declaration that are, in whole or in part, repeated herein) may be unilaterally amended by the Declarant for any reason during the Declarant Control Period by an instrument recorded in the Official Public Records of Real Property of Fort Bend County, Texas. Official Public Records; provided, however, any amendment hereto must also have the approval of and be executed by the Declarant during the Class B Control Period.

3. Severability. Invalidation of any one of these covenants by judgment or other court order shall in no wise affect any other provisions, which shall remain in full force and effect except as to any terms and provisions which are invalidated.

4. Gender and Grammar. The singular wherever used herein shall be construed to mean or include the plural when applicable, and the necessary grammatical changes required to make the provisions hereof apply either to corporations (or other entities) or individuals, male or female, shall in all cases be assumed as though in each case fully expressed.

5. Conflict. In the case of a conflict between the provisions of this Supplemental Declaration and the provisions of the Restated Declaration, the provisions of this Supplemental Declaration shall control. All other definitions and restrictions shall remain as stated in the Restated Declaration.

6. Declarant Control Period. During the period of time that any Lots or single family Residences located within Avalon at Sienna Section 6 are being developed and marketed ("Declarant Control Period"), Declarant, with the right of assignment, shall have and hereby reserves the right to reasonable use of the private Streets within Avalon at Sienna Section 6 in connection with the construction of residences and the marketing of homes.

Invalidation of any one or more of the covenants, restrictions conditions or provisions contained in this Supplemental Declaration shall in no way affect any of the other covenants, restrictions, conditions or provisions which shall remain in full force and effect.
